Avon Citizens for Change

Petition to Stop Eminent Domain

Petition summary and background	The Avon School Board has voted 3 to 2 to begin eminent domain proceedings against long time resident Mary Jane Wolfe. We, as citizens, believe there are other options the board is choosing to ignore. We fully support the Avon School District and understand the need for additional facilities as our community grows. We cannot however, support actions which are not in the best interest of the community and its residents.
Action petitioned for	We, the undersigned, are concerned citizens who urge the Avon School Board to act now to rescind the resolution to seize Mary Jane Wolfe's property thru eminent domain.
